

**REMARKS**

The Examiner relies upon Kim in all of the rejections. It is noted that Kim is assigned to the assignee of the current application.

A certified translation of Korean Patent Application 2003-11955, upon which priority is claimed, is submitted herein. Applicants assert the priority filing date of February 26, 2003, which predates the publication date of Kim (June 5, 2003). Thus, Kim is a reference under 35 U.S.C. § 102(e), only. Thus, according to 35 U.S.C. § 103(c), this reference cannot be relied upon in a rejection based on 35 U.S.C. § 103.

The remaining references do not overcome the deficiencies in Kim that are admitted by the Examiner.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
